Meeting 2

we played flow by jenova chen

what if a town simulation game was controlled by your ingame character *

chris - Six-shooter reload Physics game.

- medieval Scribe Simulator. * *

Tung - Crafting mechanic where we learn about objects instead of crafting new ones

- CG-of row boat * *

Joe Biden

we discussed more interesting ideas, although we did indulge more into casual conversation. This I think is just as important as being productive especially in current circumstances.

for one flitting moment in our quarantined lives we can be as we were.

To hang out, to chat, to gossip with friends is now a luxury or perhaps it always was but we just never realised it.
